

PRESS RELEASE

The Spring Exhibition 2010 + 24/7

March 13 – May 9

A vision with new initiatives over a three-year period is to ensure the Spring Exhibition's position as the most important open selected art exhibition in Scandinavia in 2014. In 2010 the Spring Exhibition has taken the two first key steps towards this accomplishment:

- **A new permanent model for the jury's work and a newly inaugurated Jury Prize is to ensure higher quality among the applying works of art.**

Each of the next three years, the Spring Exhibition will convene a jury of five people. All the Nordic countries (SE, NO, DK, FI) will be represented, and the jury will comprise two artists and two persons with curatorial and/or art theoretical practice. The fifth jury member, who is also the chair of the jury, is an international figure who works as both artist and curator.
